

CITY MAY SECURE BIG ELECTRIC PLANT

ROUSH APPEALS TO CIVIL SERVERS

Denies Right of Mayor to Remove Him From Office

PROCEDURE IS CHALLENGED

Hearing, Under the Law, to be Held in 10 Days

Alleging that proceedings instituted by Mayor Burkhardt, under which he is prevented from performing his duties as chief of police, are irregular and not in accordance with law, an appeal was filed before the municipal civil service commission Thursday by O. J. Roush, suspended by the mayor's order.

Roush filed his appeal in person with Ben Motter, secretary of the commission, during the forenoon, protesting Mayor's action.

The appeal filed by Roush protests and denies the right of Mayor Burkhardt to interfere with his tenure of office as head of the police department. The line of procedure followed is challenged, because of "irregularity and failure to comply with the law governing such matters."

It is asked that before acting, the commission determine whether the proceeding of Mayor Burkhardt in the matter is legal and effective.

In event it is finally determined that the method of procedure employed by Mayor Burkhardt is legal, then Roush requests that his appeal from the decision of the mayor be heard by the commission.

Roush's action came on the last day on which he was allowed to appear under the law.

He was suspended by order of Mayor Burkhardt, November 22, on the basis of a report filed by a special board of investigators, composed of three members, all appointed by the city executive. Ten days time was allowed in which to perfect an appeal.

Francis Durbin, member of the commission, is in Toledo. Following his return, a meeting of the commission will be called, and a date for the hearing fixed.

Hearing in ten days.

Hearing must be granted within ten days. Agreement on a date satisfactory to both the commission and Attorney Melvin Light, counsel of Roush, will probably be made.

Hearing of the case promises to attract wide attention and tax the capacity of any room in which it will be conducted.

Mayor Burkhardt said Thursday he had no comment to make upon information of the filing of the appeal.

"I have nothing to say," he said.

"I want the hearing to be held in Memorial Hall, if possible," Roush said, commenting on his appeal, "so every taxpayer in Lima may be present and hear every word."

Twelve complaints made by the investigating board comprise the charges against Roush. An answer and explanation of the charges was filed with Mayor Burkhardt by Roush's attorneys on November 25.

'WE WERE HUNGRY,' SAYS WIDOW

Denies "Scotty" Kershaw Was In Dope Ring

"Joe, a member of a dope peddling ring? Humph!"

This was the terse reply of Mrs. Jeanne Kershaw, to a statement Thursday in reply to charges attributed to Harold Nierengarten, deceased murderer of her husband, Joseph S. Kershaw, that "Scotty" was concerned in a drug ring and that he had been shot by a Toledo man.

Mrs. Kershaw resented the attempt to blacken the character of her husband in death.

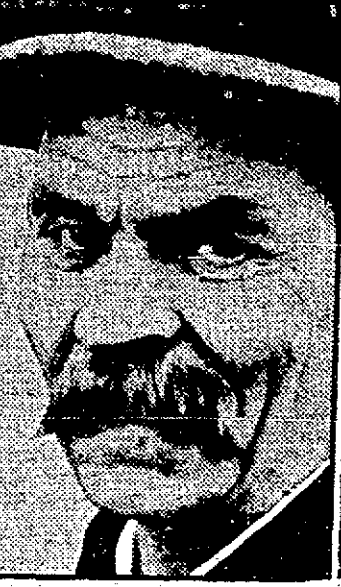

"We went three days without anything to eat except a sandwich apiece each day," Mrs. Kershaw said. "We were in want. If he was a member of a dope ring we certainly would have had something—some money. I surely would have known about it," declared the girl-ride of the slain man, who is now claimed to have been murdered at the order of leaders of a dope peddling ring operating in Lima.

"I know absolutely nothing about his being implicated in such an affair. I would not know morphine or opium if I should see it. I never saw any tablets, powders or medicine in Joe's possession. He could not have been operating with such a gang without my knowledge," declared the girl-widow, Thursday.

"I was with my husband every day, almost constantly. He would not have had any opportunity to get mixed up in such traffic without my knowing it. I don't believe a word of the report at all that he was murdered at the instigation of leaders of such a ring," stoutly declared the widow.

Mrs. Kershaw was seen at her new home in the Thomas-apts, W. Market-st. where she will live with Miss Eda Ballard.

FELDMAN WINNER OF TROPHY

The Lima News Loving Cup Awarded by Judges

WINDOW DISPLAY CONTEST

Feature of Xmas Shopping Week Comes to Close

The Feldman Store, N. Main-st., was Thursday awarded the silver loving cup offered by The Lima News for the best decorated display window, typical of Christmas.

Three judges named by the Lima Ad club, Martin Nellis, H. E. Simonson, and Walt Parmenter, viewed the displays Wednesday afternoon and evening, and submitted their conclusion to The Lima News in a sealed envelope, Thursday morning.

The displays, created at the instigation of the Lima Merchants' association to foster and promote early Christmas shopping, were judged from a basis of seven points: Attraction, demonstration, simplicity, decoration, timeliness harmony and thoroughness. In considering each display it was graded on a scale of 10 points for each point of view of the judges, it being possible to obtain 70 points for a perfect window.

Feldman's display fell short two points of being a perfectly decorated window, because the display failed to represent the entire line of merchandise handled in the establishment.

OTHER WINNERS

Jolley & Chenoweth were awarded second place, with a total of 64 points; the Walk-Over Boot Shop was third with 62 points; Ellerman's fourth with 61; Basinger's fifth with 60; the Quality Boot Shop sixth with 59; Schneider & Davis seventh, 57 points.

The power to attract the passerby was the basis of judgment from that point. The extent to which the display could be considered to be a fair demonstration of the merchandise handled, was based from that angle. Means and efforts to secure effects formed the basis for the 10 points on simplicity. Timeliness, or seasonableness of the display were considered from that angle. Harmony of blends, color and arrangement were good for 10 points and thoroughness of the display as being representative of the complete line of goods handled counted another 10.

Howard P. Doan, President Lima Ad club, who named the three judges and to whom they sent their figures to be transmitted to The Lima News, submitted the following letter of explanation, sent to him by the judges, after viewing the displays:

JUDGE'S LETTER
Howard P. Doan, President Lima Ad Club:

Your committee appointed to view and judge the Window Displays of the Lima Merchants, beg to report that they have completed their duties, having devoted the greater part of yesterday afternoon and last evening until after 10 o'clock to the work.

It was felt that judgment of the Window Display should be had from seven points of view: Attraction—the power to attract the at-

LIMA NEWS WRITER TOILS WITH PICK AND SHOVEL IN EUROPE

Williams Finds What Workers Are Thinking There

PERSONAL INVESTIGATION

Writes Findings for Readers of This Newspaper

At the very moment when Europe's postwar problems are assuming added importance before the Arms Limitation Conference in Washington, The Lima News prints the first of a series of articles, getting at the bottom of these problems.

They are written by Whiting Williams, who has recently returned from abroad, where he spent several months making a "pick-and-shovel" investigation of conditions among Europe's workers. Williams actually worked with and lived with toilers in France, Belgium and Germany.

BY WHITING WILLIAMS
WHAT does the common laborer over there in Europe think of his job—of his boss? How does he feel about the government or his king—or his country?

How does he feel about his friends who have gone over to seek their fortunes with Uncle Sam? Is he better off than they? Is the H. C. L. hitting him harder than them?

How friendly is he to Old John Barleycorn?

Does he hate or fear his fellow laborers across the line now that he isn't shooting at them any more? Is he hoping for a chance to shoot at them again?

Os is he keen on the League of Nations and the president's conference?

I have been trying to dig out the answers to these questions with pick and shovel the last month in France, Belgium and Germany. This pick and shovel method of making the other fellow's acquaintance is strenuous and uncomfortable. But it is about the only dependable way.

LANDS IN FRENCH BOARDING HOUSE

I landed last July in a workman's boarding house in Douai, a big manufacturing town in the northeast corner of France. The Germans had arrived so early in October, 1914, that they captured a lot of French fighters besides all the rest of the population. For four years everybody was a prisoner.

After laboring there in a steel plant, I visited the coal mines of Lens, destroyed in the effort of the invaders to put France forever out of the running as an industrial competitor. A few days later good luck brought a job nearly 3000 feet down in a big coal mine four or five miles from Lens and only three or four miles from the old front-line trenches. Of course the job gave me a chance to sleep in the same room and bed with a number of my miner "buddies."

Lille, one of France's great manufacturing towns, and the nearby textile centers of Roubaix and Tourcoing, now the home of much industrial unrest, furnished easy and interesting steps into Belgium.

VISITS KRUPP PLANT IN ESSEN

There, in turn, Brussels and its labor leaders, the mine town of Charleroi where men work more than 3000 feet below surface and the coal, steel and machinery centers of Liege, offered a good round of visits. I went to the Ruhr district, the center of the French government.

After that my inquiries took me thru Cologne and Coblenz into what has been called "the hot spot of Europe." That is the Saar Basin which was taken from Germany and is now ruled by the League of Nations. In its mines I worked with the Germans who are now, strangely enough, employees of the French government.

Next came the iron country of France in and near Alsace-Lorraine, together with the deep mines and the old factories of south-central France. There the great artillery factories made an unforgettable contrast with the opening week of the second annual assembly of the League of Nations.

WHAT TOILERS ARE THINKING ABOUT

The upshot of all the experiences, observations and conversations in three languages in five countries is something like this:

ONE—Jules, the Frenchman or Belgian, and Heinie, the German, have very much the same line of troubles as Frank, their American fellow-worker. Most of these troubles come from the war-baby known as the high cost of living.

TWO—Jules and Heinie are a lot more touchy and distrustful of their fellow citizens—especially their more prosperous fellow citizens and political leaders—than Frank here. That's because they are much more weary from war labors than Frank. THREE—Jules and Heinie understand a lot better than Frank that they can't have good steady jobs unless their own and every other country is getting along pretty well with its neighbors.

FOUR—They accordingly think a good deal more about such things as politics, history and international relations because they believe that these things have a good deal to do with their jobs. They have their eye on the League of Nations and the president's conference considerably more than Frank has.

OUT OF EUROPE'S MASSES!

Meet Whiting Williams, as he learned first-hand what the world's workers are worrying about and to help solve their problems. His personal studies as a steel worker in this country and in various jobs in the British Isles won him wide fame. Then he went back to Europe last summer and worked in France, Belgium and Germany. Now he is telling his experiences and deductions in a series of articles written especially for The Lima News. The first is printed today; others will follow daily.

WOMAN AND GIRL MURDERED

Revolting Tragedies Are Uncovered in Chicago

CHICAGO—(By Associated Press)—Following an all night search for little Margaret Coughlin, three years old, her dismembered body was found today in a wash boiler in the home of Mrs. Ralph Pensis, 52 years old, a neighbor. Shortly afterward the body of Mrs. Pensis, with her throat slashed by a butcher knife, was found on the second floor of the Pensis cottage.

Police immediately began a search for Ralph Pensis, the woman's husband.

Police who called at the Pensis home, the last place the child was seen, found the doors locked this morning and could get no answer to their knocks. Finally they broke the doors down and forced an entrance. In the basement they discovered the little girl's torso in the wash boiler sitting in a pile of paper, one leg wrapped in paper, was found in a card board box. The other leg was found later a block away from the house.

The police found Mrs. Pensis' body on a bed upstairs. They believe she killed herself as they burst in the front door. The body was still warm. Mrs. Pensis and Josephine, a daughter, aged nine, told police yesterday that they last saw Margaret Coughlin about three o'clock, when she came to the house with Josephine to play. In a few moments, they said she complained of pains in her stomach, and ran out of the house and across the street to her own home.

BISHOPS MEET

PHILADELPHIA — Bishops of the Methodist Episcopal church from all sections of the United States were gathered here today for the annual meeting of the board of home missions. During the two day session appropriations of more than \$5,000,000 will be made for missionary work under the jurisdiction of the home missions board.

KILLED OVER GIRL

PORTSMOUTH, Ohio. — Arthur Kinley was shot and killed by Felix Ellis, in a quarrel over a girl here last night. Ellis escaped. Both are negroes.

7 STEEL FIRMS TO CONSOLIDATE

Capital Represented in the Merger Estimated at \$500,000,000

NEW YORK — (By Associated Press) — Reports that a merger of seven or more of the independent steel companies "is contemplated" were confirmed in the financial district today.

The proposed consolidation will take in all the leading producers and manufacturers with the exception of the Bethlehem Steel Corporation and the Jones and Laughlin Company of Pittsburgh.

The capitalization of the various companies concerned in the proposed consolidation approximates \$500,000,000 and the products of the various companies cover almost every branch of the steel and iron industry.

The companies named comprise the Midvale Steel and Ordnance Company, the Republic Iron and Steel Company, Lackawanna Steel Company, Youngstown Sheet and Tube Company, Inland Steel Company, Brier Hill Steel Company and the Steel and Tube Company of America.

STUDY DAMPERS AND SAVE COAL

Do you know how to operate furnace dampers?

If you do, your knowledge will go a long way toward protecting you from the coal shortage experts say will hit us this winter.

If you don't, read these hints on "camperology" prepared by the United States Department of Agriculture:

When you start a fire fill the bottom of your fireplace with light material and put some heavy wood on top. Then open the draft damper wide, close the check and feed-door dampers and set the smoke pipe damper so that the wood burns briskly.

As soon as the wood is burning well, throw on some coal. Spread it evenly over the burning wood. Don't put on too much coal at one time.

If you see blue flames jumping up, that's a sign that gases are being formed and coal wasted. To prevent this, open the feed door damper. That will let in more air and burn the gases.

When the blue flames disappear, close the feed door damper and let the fire burn up until your house is as warm as you want it. Then

NEW YORK MEN IN LOCAL PROJECT

Emanuel's Company Considers Taking Over Street Car System

PRELIMINARY SURVEY MADE

Propose Quadrupling Supply of Electrical Energy

That Lima and surrounding territory will be afforded, within a comparatively short time, an adequate supply of electric power, for better development of manufacturing and other lines of industry, became apparent Thursday as a result of a conference during the morning between officials of the chamber of commerce and W. R. Sullivan, representative of the Emanuel's company, 51 Broadway, New York City.

Sullivan became interested in the Lima electrical situation last summer, upon representations made by the chamber of commerce and the situation as it now exists indicates that the one thing Lima lacks in large volume—electricity for commercial purposes—is to be provided.

SEES GOOD FIELD HERE

Sullivan was one of the men who made the preliminary surveys in August and September as to the possibilities of the field. His visit to the city this week was with an electrical traction engineer, who Thursday made an examination of Lima's trolley system. Since the first conference with chamber of commerce officials in the summer, the company has had three meetings with the bondholders of the Ohio Electric company in Philadelphia. The Emanuel's fear that these bondholders may try to make them take over the trolley system in order to secure the electric power end of the business.

"That's the last thing we want," said Sullivan to a Lima News reporter at noon. "We have a record for friendly attitude on the part of the public everywhere we have our plants located. In addition to the \$1,000,000 necessary for an adequate power plant here and the hundreds of thousands of dollars for new transmission service, we question whether the business could pull along the load of the trolley system. That system by itself would need at least an additional \$1,000,000 to put it where it will give Lima people the kind of service they should have and the kind they have a right to demand."

"Rolling stock of the city lines is practically worthless. Tracks and wiring are in bad shape. We have likewise gone into the subject with the chamber of commerce on the subject of the necessary south side service for the big and rapidly growing industrial district beyond Metcalf-st. That means more investment. The report to be made by this engineer here with me today will have much to do with further negotiations and developments if the bondholders assume the attitude that we must take the whole thing or none."

MEMORIES OF WAR

One side was victorious and the minds of those who led the triumphant hosts were laboring under the pressure of the memories of that awful struggle. The gaping wounds made by the great conflict still stirred the hearts of those who participated in the conference and the vanquished were in no better mood for the consideration of the problems that came with peace.

But all is changed now. The reaction against war is in full swing. Those who breathe threatnings and slaughter have retired into the background and evanescence of a better day are appearing in all lands. When men are excited they talk about what they can do, and they often over-estimate their strength. When men are calm they talk about what they ought to do.

TIME AT HAND

Now is the time to make a Sabbath day's journey towards peace and the scrapping of the implements of war has commenced. It is reported that Ford has offered to buy all the old iron that the demolished fleet will yield and we have a new prophecy—"They shall beat their battleships into automobiles!"—a mighty change even than "beating swords into plowshares." What difference does it make whether Japan accepts a 66 per cent basis or is given 70 per cent? In this conference and in the days to come, the victory goes to those who give in the interest of peace, not to those who withhold. Japan has given much and will continue to give.

BEER SUIT FILED

Outlaw Act Attacked as Unconstitutional by Brewery

ST. LOUIS, Mo.—(By Associated Press).—A suit attacking the anti-beer law as unconstitutional has been filed in federal court by the Falstaff Corporation, a local brewery.

Attorneys for the brewery declare in their petition "that it was not the purpose of congress to prohibit the use of liquor for non-beverage purposes as is evidenced by the wording of the title of the national prohibition act."

They also quoted the opinion rendered by former Attorney General Palmer, permitting beer for medical purposes.

The brewery was granted a permit to manufacture medicinal beer on November 8, and manufacture was started soon afterward, the petition states, with orders from a large number of druggists and physicians. On November 28, the anti-beer bill was passed by congress and two days later the brewery was ordered to stop making the beer.

WOMEN VOTERS IN SESSION

National League Opens Three-Day Convention at Chicago

ITS PURPOSE IS EXPLAINED

Expansion of Political Education is Aimed

CHICAGO — (By Associated Press) — Why men do not vote, what's wrong with the ballot and how politics handles electoral machinery — these are some of the problems that women voters have set to look into here today, as the National League of Women Voters opens its first institute on efficiency in government to continue three days.

"Its purpose," explains Miss Belle Sherwin of Cleveland, who is in charge, "is an expansion of the political education for women begun in our citizenship schools. We started with a study of government, the constitution and the laws, and are going forward to consider much more carefully what political parties are doing with the institutions we are studying."

"If the league is a university for adult political education, I might say its citizenship schools present the freshmen course and this institute is a second year's course."

PROGRAM OF LEAGUE — The program of the league is to study government as it is, government as it is practiced under the influence of party organizations, and government as it should be to get the participation of more people in it and more efficient administration, Miss Sherwin added.

"It has before it," she said, "two questions: what will make government more truly representative and what will make its operations more efficient in political units of every size."

"This institute will cover only the first question. It will devote itself therefore to a study of the whole voting system."

"We are not planning a debate, but a school with one speaker at each session."

"We want to get over a medium of education which is non-academic and as far as possible a substitute

for actual experience. We want to give women what you might call political sophistication."

Women for whom the institute is held, Miss Sherwin said, are especially those who are "able to take back and set up a method of presenting these fundamental things about participating in government to women who were not primarily interested in becoming voters."

JUMP IS MADE BY GRAIN EXPORTS

U. S. Sends Away More Bushels; Gets Back Fewer Dollars

CHICAGO — (Special.) — Exports of grain from American farms this year have been 60 per cent bigger than in 1920, measured in bushels. But money received for grain exports has totaled about 10 per cent less than in 1920.

Those who are seeking ways "to regain markets for our farm products" are fanning the air. The falling of has been in prices, not actual shipments.

Exports of wheat, corn, rye, barley and oats totaled 401,655,506 bushels in the first 10 months of 1921, compared with 251,526,966 bushels in the first 10 months of 1920. This was divided as follows, expressed in bushels:

	1921	1920
Wheat	235,806,737	166,348,814
Corn	114,189,427	12,890,936
Barley	22,493,131	13,711,302
Oats	2,004,090	11,934,195
Rye	27,182,121	46,841,720

These grain exports sold for \$549,112,747, totaling the first 10 months of the present year, against \$622,831,614 in the corresponding period of last year.

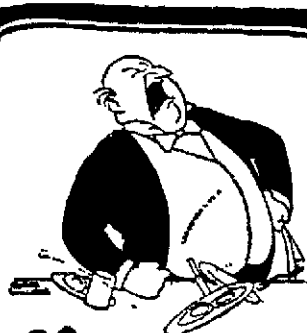

COTTON BIG — Exports of cotton, for the calendar year up to November, totaled 5,816,585 bales, compared with 4,687,231 bales in corresponding months of 1920. But it brought less than half as much money.

Rice exports, in the same periods, jumped from 206,379,885 pounds in 1920 to 530,042,780 pounds in 1921. Exports of meat products fell off heavily, with exception of hams and shoulders and lard, which showed gains.

TWO SNAGS HIT BY ARMS PARLEY

Blocked by Proposed Navy Ratio and Shantung Question

DEMANDS OF JAPS, CHINESE

Situation Admitted by U. S. Officials as Delicate

WASHINGTON — (By Associated Press) — The situation arising from Japan's formal proposal that the sixty per cent naval ratio allotted her under the American limitation plan be increased to seventy per cent, was regarded by American officials as a delicate one, but not without hope that her spokesmen ultimately would accept the original plan.

OFF TECHNICAL STAGE

Entirely removed from the stage of technical discussion as to the basis for calculating the naval ratios on present fleet strength, the question today, thru the formal request of Baron Admiral Kato, senior Japanese delegate, that the increased ratio be recognized as necessary to Japan's security, had become a matter of policy for settlement by the plenipotentiaries of the powers and plenipotentiaries of the powers and plenipotentiaries of the powers.

Regarding the argument of national security, the American delegates and experts, backed by the opinion of the British, held that its logical application would mean a reduction rather than an increase in the naval ratio proposed for Japan, to which, it is known on authority, they are strongly opposed on that basis as the showing of existing fleet comparisons. With the subcommittee of experts of the "Big Three" naval powers at formal disagreement on adjourning yesterday as to the basis to be used for these comparisons, it was considered today that further progress could lay only in discussion between the American and Japanese delegates.

Dividing attention with the naval situation today was the first meeting of the representatives of China and Japan, with Secretary Hughes and Arthur J. Balfour, as respective heads of the American and British groups, to lay a basis for negotiations looking to a settlement of the celebrated Shantung controversy. The Chinese announced after accepting the American and British offer of "good offices" in the controversy, that they were entering the discussions prepared to accept nothing less than unconditional withdrawal of Japanese claims in Shantung. In the absence of any definite indication, it was assumed that the Japanese spokesmen would contend for the reservations insisted on in the recent exchanges between Tokio and Peking.

FALSE FIRE ALARMS ENTAIL BIG EXPENSE

False alarms of fire are costing the city several thousand dollars John Mack. Each alarm causes an expenditure of \$50, he said and in the course of a year the number amounts to a large sum.

The expenditure is a part of the program of fire protection and is not accounted a loss.

While the department does not like to answer needless alarms and there is a heavy penalty for deliberately turning in an alarm without cause, it is held better to call the department in all cases where a fire is believed to exist, the chief said.

I t sibtee oha.sauh Ti

It is better to be mistaken, according to Mack, than to have a big fire.

BIG CHRISTMAS FUND READY FOR SAVERS

Clerks and tellers at the Old National Bank are busy checking over the accounts of Christmas money club members and the work of making out the Christmas checks is well under way.

The total has not yet been announced, but it is expected that the Christmas fund will compare favorably with that of other years, when general business conditions were of a more favorable character.

Officials of the Old National will mail Christmas checks soon, to enable every Rmas saver to have the money well in advance of the holidays.

FARMER HELD IN WIFE'S DEATH

Suspected in Connection With Murder in Toledo Hotel

ARRESTED NEAR WESTON

News in Brief Gathered From Ohio Cities

TOLEDO — (By United Press) — Clyde Cole, 40 years old, was held by police here today in connection with the murder of his wife, whose bruised body was found in a hotel room here.

Cole was arrested on his farm near Weston, Ohio, after authorities determined Mrs. Cole had been strangled to death by a man posing as her husband.

The hotel register, believed stolen by the murderer to conceal his identity, was found today in the Maumee river here. Police, however, have been unable to decipher the name used by the murder victim and her assailant.

Mike Hovolan, proprietor of the hotel, will confront Cole today, in an attempt to identify him.

SAFER NAMED

LORAIN — Emil Gelman, Lorain newspaper man, was appointed director of public safety by Mayor Grall, to succeed Harry Shiff, who resigned.

PLANT BURNED

TOLEDO — Fire did damage estimated at \$75,000 to the plant of the Lindow-Leibius Company, manufacturers of office furniture.

There Is Only One Right Position For Your Eyeglasses

That is the position in which they are placed by the skilled fingers of an expert Optical Specialist.

The focal points of the lenses should be precisely in line with the pupils of the eyes.

The nose-clips or bridge should fit accurately, comfortably and securely.

Bows—when these are used—should hold snugly, without pulling or cutting.

Upon these little details of careful adjustment depends, in large part, the efficiency derived from a pair of eyeglasses, and the ease with which they are worn.

It is the policy of this organization to regard the proper adjustment of frames—as well as the prescribing of correct lenses—as essential to a complete and thorough optical service.

tion of the passer-by; Demonstration—the extent to which the display could be considered to be a fair demonstration of the line of merchandise handled; Simplicity—of the means and effort to secure the effects; Decorativeness—of the display and its other phases; Timeliness—of the goods displayed; Harmony—of the several parts of the displays with respect to color, shape and arrangement; Thoroughness—of the display as to being representative of the line of merchandise handled.

In considering each display, it was graded on a scale of 10 from each point of view, a possible 70 points. The table attached shows the results of our view and judgment.

We desire to say in judging the windows of the Deisel Co. the one window closed was omitted from consideration, but that at least two windows partially dressed were considered just as they were for the reason that they were open to public view at the time of our view. Also the Crawford Bootery windows were omitted from consideration for the reason that they were being decorated at the time of our view.

FARMER IS DEFENDANT IN SUIT FOR ALIMONY

Suit for alimony, and non-support was filed in common pleas court Thursday by Lydia R. Van Pelt, against Charles Van Pelt, a farmer.

Mrs. Van Pelt is the mother of five children, the oldest of whom is 17 years. She alleges her husband ordered her off his farm and attempted to sell his stock, grain and implements on November 25.

She asks that he be restrained from disposing of them and that in final settlement she be granted alimony and the care and custody of the children.

COGNOVIT JUDGMENT

Judgment in the sum of \$104.55 was awarded H. L. Solomon, in a cognovit suit heard in common pleas court Thursday. W. T. Arthur is the defendant.

"NO CAUSE OF ACTION" IN HAYES DAMAGE SUIT

For the second time in a year, Miss Nellie Hayes failed to obtain damages in common pleas court in a suit filed against the Western Ohio railroad growing out of the death of Mrs. Della Hayes, her mother.

The jury disagreed at the first trial late Wednesday a jury in Judge Fred C. Becker's court brought in a verdict of no cause of action.

Miss Hayes in her petition asked award of \$15,000. Mrs. Della Hayes was killed at the Western Ohio crossing while riding in a motor car in August 1919.

\$1,206 FOR MILK

Steiner Bros. Sue J. B. and Alton Roberts

Suit to secure payment for an ocean of milk was filed in common pleas court Thursday by Steiner brothers, dairymen of Lima and New Orleans, La., in which Alton B. Roberts, J. B. Roberts and Mayne Roberts are defendants. A judgment for \$1,206.67 is asked.

Samuel G. and Eli Steiner are brothers, associated in the dairy business, the former in New Orleans. One year ago they contracted with Roberts to furnish milk during the present year at a sliding rate of \$3.60 per 100 pounds for the first five months, \$3 up to November 1, and \$3.80 thereafter, the petition states.

On November 30 approximately 64,000 quarts of milk, worth \$3,203.63 had been sold. Payment amounting to \$1,994.96 had been made, plaintiffs claim, leaving a balance of \$1,206.67 the defendants are alleged to have refused to pay.

THE LIMA TRUST COMPANY CHRISTMAS SAVINGS CLUB

CHECKS TO TOTAL \$125,393

The closing of the Ninth Christmas Savings Clubs operated by the Lima Trust Company is now at hand and with the distribution of the checks for 1921, will complete payment for \$917,086.14 to members of these clubs since it was organized by the Trust Company ten years ago.

The mailing of checks this year a membership of approximately five thousand will distribute \$125,393.14 and prove a blessing to thousands on account of the scarcity of work during the past months. Only those who have experienced conditions such as have existed in the past few months, can fully realize what the receipt of these checks will mean to many who have had practically no income for weeks.

This great bulk of money, accumulated gradually out of small savings, possesses a wonderful power at a time of the year when there is nothing else that will take the place of ready cash. The releasing of this volume of cash is at once felt by all of the business interests of the city, not only for immediate purchases but it also plays a very important part in the settlement of old accounts. All in all, the Christmas Savings Club is a wonderful asset to any community and the Lima Trust Company is to be congratulated on the progressiveness shown in establishing and so successfully continuing these clubs for the past nine years.

The 1922 club is now open to the public and from the interest already shown it is anticipated that the membership will equal that of previous years in spite of present business conditions.

The closing of the Tenth Christmas Savings Club of 1922 will complete the distribution of over One Million Dollars of Christmas Savings.

REPORTED RESIGNATION OF TEACHER IS DENIED

A report that Mrs. Stella Collins, teacher in Junior South High school, had resigned, was not confirmed by Superintendent J. E. Collins, Thursday.

"We have a Mrs. Collins at South High school who came to us from Indiana this year, but she has not resigned. If she has, it is news to this office," Collins said. "Mrs. Collins has, however, been transferred from the high to the elementary grade class," he stated.

COMMERCIAL COMPANY IS INCORPORATED IN \$10,000

The Commercial company, Lima, was Thursday incorporated under the Ohio law for \$10,000.

"The company will buy and sell commercial papers, bonds and notes and will be directly affiliated with the Commercial Acceptance Note company, Chicago," C. H. Neville, one of the directors of the company, said Thursday afternoon.

Other members of the original firm as it was incorporated are Fred B. Williams, A. M. Green, H. O. Bentley and A. F. Harlan. Officers have not been chosen. Offices will be opened in Lima within the next two weeks, it was announced Thursday afternoon.

HOPES FOR IRISH PEACE DASHED

Last Plan Fails—War May Break Any Moment

LONDON—(By Associated Press)

The possibility of renewed bloodshed in Ireland stares the British Isles in the face in consequence of the virtual collapse of the peace negotiations which have proceeded under a truce for the last five months.

The Sinn Fein has stood firm on its demand for an all-Ireland parliament as the basis of settlement, at the same time refusing to concede allegiance to the British crown. Ulster has refused point blank to scrap its own parliament to enter an all-Ireland parliament "under present conditions," on the ground that she

will come directly under the control of the numerically superior south. The latest plan, that for an all-Ireland parliament, under which Ulster might retain her existing rights until, or unless, she changed her mind, has failed with the formal statement by the Sinn Fein delegates here that it cannot be considered.

EFFORTS EXHAUSTED

As a result in both government and Irish circles, the opinion is expressed that nothing short of a miracle can avert collapse of the negotiations and resumption of the warfare in Ireland.

The government heads are bending their entire efforts to seeking some unexplored avenue of negotiation, but it is believed all possibilities of settlement have been exhausted during the lengthy parleys which seem now to have ended.

As to how long the truce will last under present conditions there is no indication. The Sinn Feiners have expressed the view that there will be no formal denunciation of the pact by either side and this leads to the belief that any spark of combat set off in Ireland, with the peace movement apparently deadlocked, may start the conflagration anew.

RED CROSS DRIVE IS UNDER WAY

Good Response to Solicitation on First Day

The 1921 Red Cross Roll Call started Thursday morning. Workers were busy in every precinct in the city. First returns, made shortly after noon, indicated gratifying results and it was predicted the objective would be reached without strained efforts.

"People of Lima responded generously to the Roll Call Thursday morning, but in a great many instances we found willing families who were unable to subscribe because of the unemployment situation," Calvin Selfridge, county chairman, said Thursday.

"The fact that those unable to give, the willing, should prove a moral lesson to others when our subscription committee visit Selfridge asserted. "We feel will be no difficulty experienced in getting the quota of 10,000 members during the drive."

The campaign is being conducted by a large corps of women, a direct leadership of Mrs. Poling, head of the Home National division of the Allen-Ohio chapter of the Red Cross.

The Roll Call will close Saturday night, efforts this year being confined to a three-day intensive campaign, instead of the usual week aside for the work.

Campaign committees and workers will report their progress to Cross-Roll Call headquarters, and Elizabeths, at noon and each day until Saturday.

About Our Readers Outside of Lima:

THE LIMA NEWS is YOUR paper as well as the paper of Lima people. For a quarter century The News has been written for, and read by, the people of the whole Lima District. The editions sent to you have the same special features of interest which are included in the city edition.

Making Money Out of The Lima News

The great volume of High Grade advertising which The News carries is business news of great importance. These advertisements make The News an asset in any home or business. Remember, therefore, that these advertisers are talking to you as well as to the people of Lima. Remember that a multitude of such products as

- foods
- toilet articles
- hardware specialties
- auto accessories
- electric utilities
- trade-marked clothing

advertised in The Lima News are sold by merchants throughout the entire territory in which The News is read -- as well as in Lima.

To the left is a tabulation showing the circulation of The News in a number of important towns in Lima district. In most of these towns The News has a larger circulation in proportion to population than the local papers. Naturally the retailers in these towns find it advisable to carry merchandise advertised in The Lima News.

YOU, HE AND SHE

THE shifting of American women, from the home into business, has reached the point where there is one woman to every four men "earning their own living."

This is shown by an analysis of the latest reports covering the census taken in 1920.

With a total population of 105,708,771 men, women and children, the United States has 41,609,192 "gainfully employed." Of these 8,469,207 are women.

Housewives—the hardest workers of all—are not included among those "gainfully employed." Probably this is because most of them work without gain, for love.

One of these days, housewives will be on salaries, with laws compelling husbands to give their wives a proper percentage of their earnings.

EARLY settlers of America made their living with ax, spade, hoe and gun. Time and a complex civilization have turned human economics into such an intricate machine that the majority of us have no clear conception of our relation to the whole works.

The cog knows that it must click so many times a day. It doesn't see all the wheels. The face of the watch, with its moving hands, is the combined result of all the wheels. None of us gets a good idea of what the hands are registering. It takes the perspective of centuries to determine just how much the watch is deviating from correct time.

OUR system of economics is intricate, yet simple. Think of it in terms of 106 people instead of 106,000,000, and it works like this, in rough figures

Thirteen working in manufacturing industries

Eleven growing food and forests.

Four acting as salesmen.

Three doing special "personal service"

Three keeping the records.

Two serving as doctors, dentists, lawyers,

etc.

One mining and preparing minerals.

One in public service.

That accounts for 41 "gainfully employed." The rest of the 106 are keeping house, going to school, idling, or segregated under lock and key

Multiply the above figures by 1,000,000 and you have, roughly, figures for our whole population.

WHERE is it all leading us? If you could come back to Lima 1000 or even 500 years hence, what would life be like?

Probably you would find a city of big buildings, each with its kitchens, housecleaners and nurseries for many families. Plenty of apartments already have the germ of this idea.

Future civilization will have a system so complicated that the best auditor of 1921 could not grasp its workings.

MOTHERS CAN AID

"I PLEDGE myself with all my heart and soul that so long as I live I will never raise my hand again to assist any armed conflict between nations"

That pledge is made jointly by the two war mothers who officially represented Great Britain and America at the memorial services to the Unknown American Soldier.

All mothers should make this pledge: "Complete disarmament may not be possible now. But it will come in time. I pledge myself to do my share by teaching my children to hate war, also not to give them war toys, which plant the germ of war in the child's brain"

AS YOU LIKE IT

Now that the bleak months are upon us and there is no incentive for visiting the parks, why wouldn't it be a splendid idea to plan improvements for Lima's beauty spots, to be provided in the spring? "In time of peace prepare for war"

ABE MARTIN

Next I waitin' for a laundry, I ad-just a claim, th' most maddenin' thing is waitin' for a clerk t' find somethin' we saw in th' show window. Who remembers when they used t' allow be a big jollification after an election jest t' rub it in?

GOING SLOWLY

MEMBERS of Lima's first city commission have before them the applications of 25 or more men, from all parts of the country, for the position of city manager, under the new form of government, to be inaugurated January 1. Not all of these are being considered. By process of elimination the number has been reduced to nine.

Beyond all doubt, the most important task the commission has before it is the naming of a manager. There is apparently no disposition on the part of the board to hurry its action in this respect and there should not be. The age-old injunction to "make haste slowly" has a peculiar application to the situation here. The board has exactly one month for deliberation on this point, ample time to consider the merits and abilities of all applicants before making a final choice.

There are other important positions to be filled, by appointment by the board, but none that demand so much care and calm deliberation. So far as now appears, it is the sentiment of the commission that the managership should go to an out of the city man—one who is not involved in the political, social or business angles of the city wherein his best efforts are to be given in helping to make the new government a success.

Since this is an accepted fact, there are a few things, fundamental, the commissioners have to consider and they recognize them. The man who is finally chosen to take charge of the affairs of this city will have authority that is almost czarlike in its character. The situation requires that he be a man of mental attainments that stamp him as a directing executive, as a builder, of strong character and having the ability to know when to say "yes" and when to say "no."

The commission should not be hasty in arriving at its conclusions in the matter of the employment of a manager. It is believed that it will not. The very success of the new form of government is dependent upon the man chosen as manager.

LIES VERSUS TRUTH

IS a lie ever justifiable? No, says Dr. Richard Cabot, prominent Boston physician. He starts a big argument in his profession by declaring that doctors always should tell their patients the truth, never deceiving them about medical illness.

This gets into the power of mind over matter. Some patients have pulled thru sickness by will power alone. Equally powerful is imagination, which makes hypochondriacs imagine they are sick.

If some patients knew the truth, they might die of fear. Others, learning the truth, could rally their will power.

What do you think?

GLANCES

Among our most prominent missing people are several mail robbers.

While new dances may not broaden the feet they often thicken the head

Boost and the world boosts with you, kick and the world kicks at you

This disarming means a good deal if a square deal, if not, a new deal.

If they can collect bootleggers' income taxes, why not collect the bootleggers?

France would like to reduce her army, but "What would the neighbors say?"

Not that we favor Ruth, but it looks like Landis knows "A good man is hard to find"

A lengthy dispatch says the Prince of Wales walked a mile alone. He is only 27.

Dr. Bishop says exercise will kill all germs. The trouble is in getting the little things to exercise.

A man wants a divorce because his wife spent his money on hats. Money often goes to the head.

About as much paper is being wasted in discussing the German marks as in printing the things.

A Sing Sing guard, unarmed, captured seven escaping prisoners. Seven of them — "Good guard!"

QUITE SO

There was an old philosopher
Whom men considered very wise
Because when the problems were
On which folks asked him to ad-
vise.

He'd listen with a solemn air
To arguments, both con and pro,
And ultimately he'd declare
"Well, mebbe yes—an' mebbe no."

He struck it right, that ancient
Sage
He hit the dope and hadd it
straight.

For in the struggles that we wage
It's hard to differentiate;
What's right for Sam is wrong for
Sue

What's good for Jim is bad for
Well, mebbe yes, an' mebbe no!

Joe.
The old gent had the proper view,
"Well, mebbe yes, an' mebbe no!"

Nothing is absolutely known
Except that two times two is four
(And now Professor Einstein's shown
It may be five or even more!)

There's not a thing we're sure about,
There's not a fact we know is so.
We might as well admit our doubt
With "Mebbe yes—an' mebbe no"

And when we emigrate from here
To other stars that gleam and
glow,

Will all our puzzles be made
clear?
Well, mebbe yes, an' mebbe no!

LUCKY

Digging into Egyptian tombs 5000 years old, American scientists and archaeologists have unearthed a business slump. Fear creeps into the heads, carried out of the people are less inclined to take chances. The swing in recent months has been toward conservatism in everything, away from radical experiments.

Ancient Egyptians wanted to show up in the Great Beyond, just as they looked in life. If their skulls turned to dust or got lost in the perils of the journey into the hereafter, the stone heads were supposed magically to serve as substitutes.

To keep the souls of ancient ruling Egyptians from becoming lonesome, hundreds of subject people were buried alive with the bodies of the rulers.

Kings had unpleasant customs and the human brain strange ideas before democracy, education and Christianity got on the job.

VANISHING

Along comes a government report, which says that Uncle Sam's tax collections dropped off nearly \$1,000,000,000 in the fiscal year ended last June 30. The fall is due to slumping prices and to shrunken profits during depression.

Indications are that taxes collected in the current fiscal year will take a much greater slump. About six months from now, Congress will feel its hair stand on end as it asks what business men now are predicting: "Where's the government going to get the money?" Put on the brakes! Give us economy!

CONSERVATIVES

Fear is always the ruling emotion during a business slump. Fear creates caution—conservatism. Hence people are less inclined to take chances. The swing in recent months has been toward conservatism in everything, away from radical experiments.

What is conservatism? Ralph Waldo Emerson, greatest American philosopher, wrote "All conservatives are such from personal defects. They have been effeminated in position or nature thru luxury of their parents, and can only, like invalids, act on the defensive."

If that is conservatism, it is a poor leader

LIFE

In the 16th century, the average life was only 18 years, according to Red Cross experts. This rose to 28 years in the 18th century, to 35 years in 1919 and 39 years in 1920.

The steady rise has been due to health education, the real elixir of life.

In the year 2070, Red Cross experts predict, the average life will be 100 years. Consoling? Trouble is, few of us will be here to enjoy it. Like telling a hungry man that porterhouse steaks will grow in trees a few centuries hence.

JEWELS

Even the rich are feeling hard times. Importations of diamonds and other precious stones this year will not be much more than \$37,000,000. That compares with \$105,278,543 in 1919.

Diamonds make up over two-thirds of the value of imported gems. Figures on diamond importations so far this year suggest that engagement rings are feeling the pinch of depression. Brides of 1919 were favored by the psychological moment.

DEBT

The world still having social insanity, it appears impossible to disarm completely, despite the terrible memories of the war.

As far as human life and war are concerned, huge national debts for a generation or so may be a good thing. Debt will keep the nations from warring again soon, if other things fail.

As soon as the average person or nation gets out of debt and becomes prosperous, he gets sassy and wants to quarrel. Great nations of history usually were destroyed in and by their arrogance.

The meek are generally broke. That's why they inherit peace.

HEALTH TALK

Common Sense Ways to a Well Midnight Suppers

We can attribute many among the well-to-do classes foolish habits of too many night suppers.

An occasional meal before lying in bed is likely to do little harm, especially if such a meal is light and easily digestible. But the fact that such meals come more or less of a habit some people. They think the sleep better if they have bits before retiring. It is usually considerably more than a bite, ever.

The truth is that one's best is obtained with the stomach. It is true that food puts sleep at first, by diverting blood from the head but it sleep later. Water, unless it is bladder action during the night, may be taken before empty stomach, he can often along with six or seven hours of sleep. If one goes to bed with a heavy meal, he usually needs eight to ten hours' sleep.

Then, too, the habit of eating hearty midnight meals results in chronic indigestion. The stomach becomes sluggish just as the of digestion and elimination up because of overwork.

The man or woman who has habit of midnight suppers requires not simple, good food choice delicacies and highly iced foods that are hard to digest.

Any one who has ever paid of lobster or shrimp salads returning knows just what is when I say that sleep and in tion are greatly disturbed by foods.

It is difficult for the human or the active woman to their best when sleep and dig have been impaired. The man wishes to give the best that him to his business would do not to make a habit of midnight meals.

On the other hand, such are even more harmful to people sedentary habits, those who more or less inactive lives from day.

They are very likely to have an excess of fat and become liable to heart disease, various troubles, Bright's disease, various other serious ailments flesh—in an excessive quantity is here to.

ADAPTABILITY OF THE SCREEN TO GRAND OPERA

(By ESTHER WAGNER)
SCREEN opera has been introduced to Broadway by Hugo Riesenfeld, director of the Rialto Theater.
Riesenfeld took an old six-reel version of "La Tosca" starring Pauline Frederick and cut it to a length which required 25 minutes to run.
He condensed the score of Puccini's music for Sardou's drama to the same playing time and synchronized it with the picture. The result was entertainment of high merit.
Grand opera is accepted generally as entertainment for highbrows only. That's because it is usually presented in a foreign language. Many operas, "La Tosca" special-

ly, would be as high a form of art and contain as much, or more, entertainment value, if they were presented in pantomime with orchestral accompaniment. Then they would have a wider appeal. And that is the result that can readily be achieved in screen opera.
Riesenfeld has not accomplished a perfect presentation by cutting a film which was originally six reels to two reels and cutting the score of the opera to fit.
However, he has demonstrated that screen opera is feasible. A better presentation will be effected when some motion picture producer realizes this and films an opera, synchronizing its action to its music as the film is made.

Vivacious Viola

PROBABLY no actress of the flapper type has a greater following than Viola Dana. She is youth, effervescence, irrepressible.
Most of her pictures lie in that narrow borderland which separates comedy and drama. This is true of "The Fourteenth Lover," her latest. A rich girl is besieged by suitors. Her aunt picks the thirteenth one, but the girl makes her own choice.

Norma Talmadge In a Revival of "Poppy"

NORMA TALMADGE and Eugene O'Brien have the lead roles in the revival of Cynthia Stockley's novel "Poppy," which has been said to be Norma's best picture.
Norma is a pathetic figure as the orphan child, Poppy Destin, and with the dashing, handsome Mr. O'Brien playing opposite, the two offer a combination of charm and talent that is unusual, to say the least.
The picture is a Selznick release. It is appearing today at the Lyric theatre as the feature attraction.

THEATRE DIRECTORY

AT THE SIGMA:—
Rex Ingram's production "The Conquering Power" is a screen visualization of Honoré Balzac's "Eugenie Grandet." It has beautiful photography and superb acting by every member of the cast, notably Rudolph Valentino and Alice Terry. The engagement of "The Conquering Power," ends at the Sigma theatre on Saturday.

AT THE FAUROT:—
Edith M. Hull's colorful novel "The Sheik" in its picturized form, one of the most unusual photoplays brought to the Faurot this season, role, while Agnes Ayres plays opposite.
The Faurot is featuring "The Sheik" for this week only, the engagement ending on Saturday.

AT THE ORPHEUM:—
Harry D. Orr's "Million Dollar Dolls" playing at the Orpheum this week present a hilarious, well staged offering that is pleasing vaudeville patrons. New program today, matinee and evening.

EUGENE O'BRIEN in "POPPY" From the Novel by Cynthia Stockley

As the pathetic figure of the orphaned Poppy Destin—child of destiny—Miss Talmadge has an ideal role which gives her the chance to run the whole gamut of human emotions as the plot unfolds under the development of Poppy's life.

An added and special attraction to the production is the person of the dashing Eugene O'Brien in the leading role opposite Miss Talmadge, which makes a screen combination of charm and talents hard to beat.

MOVE HAS BEEN STARTED TO AID MANY JOBLESS GIRLS IN NEW YORK

Hundreds Are Suffering Says Y. W.
C. A. Head

NEW YORK — (Special) — "White-collared women" in New York have been hard hit by industrial depression.

Ten per cent more stenographers are out of work here today than a year ago, and the pawnshops are full of fur coats.

And while every one is excited about unemployment among men, no one seems to worry about the girls.

At least, no one did until the Young Women's Christian Association became aware of the situation and started out to remedy it.

Now Mrs. William Fellows Morgan, president of the metropolitan branch of the Young Women's Christian Association, has started a movement to find a job for every girl who needs one.

"The clerical and office workers really are suffering," she says. "There is little unemployment among factory and industrial workers. They're holding their jobs and getting the same high wage as during the war. The college-trained and specialized workers unfit for factory work are the ones hit now."

Mrs. Wm. Fellows Morgan

Society News

WITH its varied activities, the week has been an unusually interesting and delightful one for milady. Two elaborate social events were given during the week. The first was that of Monday evening when Mr. and Mrs. W. L. Russell welcomed several hundred guests at a dance given at the Elks' Home in celebration of their 20th wedding anniversary. The other attractive affair was that of Wednesday afternoon when Mrs. W. J. Wenner, Mrs. T. R. Schoonover and Mrs. F. E. Gooding received at the Wenner home in honor of Mrs. H. G. Wenner, who recently returned from a trip to Europe.

A social event of interest, which has been planned for Friday evening, is the military march and bridge party to be given at the Lima club by the Child Welfare committee of the Public Welfare department of the City Federation of Women's clubs. Following the playing a musicale will be enjoyed. Mrs. W. L. Kinsley is chairman of the committee in charge.

Mrs. J. W. Gallaspie, of N. Collett-st., and Mrs. A. W. Whitney, of State-st., are entertaining with a luncheon-bridge at the Elks' Home, Friday.

Mrs. Albert Stump, of Bellefontaine-ave., was hostess to the members of the Idlewild club Wednesday afternoon. In the contest Mrs. E. L. Benner was successful. A delicious lunch was served by the hostess, after which the members adjourned to meet in two weeks with Mrs. George Hurlow, of S. Metcalf-st. Members present included Mrs. R. G. Clark, Mrs. Carl Harsho, Mrs. George Hurlow, Mrs. Harold Stump, Mrs. Edward Stuckey, Mrs. Harold Snyder, Mrs. E. L. Benner and the hostess, Mrs. O. G. Snyder was the only guest.

Mrs. E. L. Waggoner, of E. McKibben-st., extended the hospitality of her home to the members of the Carnation club, Wednesday afternoon. The afternoon was enjoyed socially and in a unique contest, Mrs. L. E. Crow was successful. A dainty luncheon was served by the hostess. Members present included Mrs. D. Hume, Mrs. Clarence Wigley, Mrs. A. H. Gladen, Mrs. Ira Stierrett, Mrs. W. B. Miller, Mrs. Fred Slight, Mrs. L. R. McWhorter, Mrs. William Swartzman and the hostess.

Members of the West-End Euchre club enjoyed the evening with Mr. and Mrs. T. A. Walsh, of Drive-av. Wednesday. At the conclusion of the playing Mrs. E. H. Hawisher and H. B. Hoffman holding high scores among the members and Mrs. S. B. McGinnis and W. H. Howell among the guests, the hostess served a dainty luncheon. Guests other than members included Mr. and Mrs. J. W. Tucker, Mr. and Mrs. L. L. Morris, Mr. and Mrs. E. W. Stump, Mr. and Mrs. William Howell and Mrs. S. B. McGinnis.

Wednesday afternoon Mrs. William John Wenner, Mrs. Thomas Richard Schoonover and Mrs. Fred Edwin Gooding received a large company of guests at the Wenner residence on W. Market-st. in compliment to Mrs. Henry G. Wenner, who returned recently from a tour abroad.

The attractively furnished home was given an added charm by the quantity of pink rosebuds and white and yellow chrysanthemums, which stood in baskets in every conceivable nook and corner.

An orchestra played thruout the afternoon in the sun parlor, where baskets of flowers and palms were artistically arranged.

The color scheme of yellow and white prevailed in the dining room. Gracing the table was a huge centerpiece of chrysanthemums while tall yellow tulle cast a soft glow. Mrs. Henry Deisel, Sr., and Mrs. E. M. Gooding poured.

Assisting the hostesses thruout the afternoon in extending hospitality were Mrs. Lynn B. Timmerman, Mrs. Henry Deisel, Jr., Mrs. W. L. Russell, Mrs. George Glover, Mrs. Alfred Wenner, Mrs. John Eckerle, and Mrs. Howard King, of Cincinnati, and Mrs. Mark Koller.

LETTERS TO LOVERS

BY WINONA WILSON

Woman can solve all her sentimental sorrows by earning her own living, is the claim of certain feminists and of some big businesses whose success depends upon low-priced labor.

If a woman is unmarried and financially independent, she will never take for a husband the first man who offers himself. She will be free to pick and choose her mate. Such is the theory.

And if she marries and maintains her economical independence, she will be able to keep her husband loyal because she can "get up and leave him without notice" if he wrongs her.

"How does the theory work out?" This query has been put by more than one prospective bride. Writes one of them:

"The man I am to marry believes it will be best for me to keep my job and my salary after our wedding. My mother and married sister object and give excellent reasons for their opinions. Still, I cannot decide.

There has never been much reliable data to base an opinion upon, but now that one generation of wives has completed a decade or two of working for wages outside of the home, the product of their experience is valuable to other women.

"I am one of the wives who stayed at a profession after marriage. I am thirty, but I feel as if I were a hundred years old.

"My husband and I are physicians. He suggested that I keep on in his office after our wedding. I saw no reason for doing otherwise.

"In consequence, our first baby died. Now we have a boy. He has been cared for first by one and then another stranger while my mother-heart has ached to serve him. I worked on—and on—and on—for others, and what does it all amount to?"

"I have worn myself out. I am losing my looks, while my husband is still young. I'll be haggard in a few years—and then what will happen?"

"He will turn away from the wife who is weary and worried. He will excuse himself by saying that he needs the gaiety of a fresh bright girl.

"Very well. But what about me? "I earnestly advise the 'bride-to-be' never, never to go on with 'a job' after marriage. If she does, she will soon find herself regarding her as a mere machine, handy to have, one that uncompromisingly keeps going, one which doesn't cost a cent for up-keep."

RELIEVING THE BLACKNESS

(BY MARIAN HALE)

NEW YORK — She rather loves it, and she's making the most of it—this black madness which has taken hold of the whole fashion world—but somewhere in the whimsical heart of midcity is a longing for something colorful, oh, so colorful! So vivid. Something to give wild accent to the darkness of her gown.

And so she evolved the fascinating trick of lining the skirts of her dance gowns.

Jagged, scalloped hems of velvet costumes reveal the brightest colors imaginable—most of them in crisp tulle.

This Point gown is black velvet, short at the front and back and hanging in sweepingly graceful lengths at the sides is lined with cherry tulle.

A cluster of lovely flowers at the low, draped waistline trail long ends.

The bodice is a soft crushed thing of only half suggested lines and curves—girlishly graceful.

MRS. MCGORMICK CHOSEN COLUMBUS — Mrs. Blanche McCormick, of Marion, wife of George E. McCormick, city editor of President Harding's paper, has been appointed field representative of the division of charities, state department of public welfare. Mrs. McCormick is director of press and publicity of the Ohio Federation of Women's Clubs and is a member of the Ohio Newspaper Women's Association.

SUSIE SMART SAYS

Dear Miss Smart: I AM a married woman of 30 years and have a daughter three years old. I loved my husband, of course, when we were married but now I simply hate him. I don't know why I can't find any reason. I simply know that I don't care for him and that is all. Sometime ago I met a man for whom I have learned to care. We have gone around together ever since we met. I love him and he would do anything for me. He has never told me he loves me, but he is very good to me and I am certain would do anything to make me happy. Do you think it would be right for me to leave my husband since I no longer care for him? A WIFE

CERTAINLY a married woman of 30 years should have sufficient reasoning powers to know better than to ask such a question. Do not leave your husband or think of leaving him until you have exhausted every method of trying to bring about a better situation between you. Does your child and her future mean nothing to you? Your mother love should influence you in sacrificing your own selfish wishes for your little daughter's welfare.

Your letter suggests that you are the one who is entirely at fault. You mention no grievance against your husband. You frankly admit that you have been accepting the attentions of another man, who is unprincipled enough to attempt to break up another man's home. You state this man has not said he loves you or that he cares for you. What assurance have you that he would marry you were you free?

From your letter I am led to believe that you have acquired hatred toward your husband since meeting the other man. Refrain from having anything to do with him and avoid seeing him, then perhaps you will find your real self and once more establish your interest in your husband, and home.

Dear Miss Smart: I am going to have just a few people to come to my home and I thought we might make pop-corn balls. Could you please give me a good recipe?

BOBBIE Have ready five quarts of popped corn. Roll together, without stirring, two cups of sugar, one and one-half cup of water and one-half cup of white corn syrup until the mixture forms a soft ball when tested in cold water. Then add one-third of a teaspoon each of salt and vinegar and one tablespoon of vanilla. Continue boiling until the mixture forms a hard ball when tested in cold water. Have the corn in a large pan and gradually pour the sirup over it, mixing and turning the corn all the time with a spoon to make certain it is evenly coated. Form in balls.

BOWLING RESULTS

GARFORD LEAGUE
Recreation Alleys
An eight club league composed of employees of the Garford Motor Plant opened their schedule last night on the Recreation Alleys, each team making a serious bid for the top position in the percentage column in what looks like the pepperiest bowling organization in the city. Besides the forty bowlers engaged in play some fifty spectators were on hand to pull for their favorite team to win. Following are the scores:

BABE RUTH WILL ASK \$85,000 SALARY FOR 1922

BY BILLY EVANS
FIFTY thousand dollars from the New York Americans, and five thousand dollars from each other club in the American League. That is the salary that Babe Ruth will ask for the season of 1922. I have Babe's word for it.
Ruth had a sliding contract with the New York American League club last year. His

actual salary was \$20,000. He received a bonus for his home-run record, which perhaps carried the figure to \$35,000.
Ruth's contract with the American League expired at the close of the 1921 season. When he confers with the New York club, he intends to ask a combined salary that will total \$85,000, which is \$10,000 in advance of what the president of the United States receives.

This will be the first time that a player has demanded a salary from the other clubs in the league, to which he is in no way affiliated other than being a member of the same organization.
"I broke the home-run records in 1920 and 1921," says Ruth. "Likewise I broke a lot of attendance records. Fifty-nine home runs are a large flock. I am going to be mighty lucky if I break that mark in 1922. If I don't break

it, I am going to fade out of the picture. I am a big card right now; the quack smacking those old home runs, is going to forget all about me.
"The time to get the dough, is while the getting is good. If I can't get it, I never will be able to come thru."
"I feel that I am an asset at the every club in the league, that is why burden of my salary should be divide

FRANKIE MASON TO DALLAS WANTS TO HIRE HIM CALIFORNIA WA EAST-WEST GAM

Frankie Mason, the Fort Wayne flyweight and former national titleholder, will fight Don Baxter, Lima bantamweight, at Memorial Hall on the night of December 30.
Negotiations for Mason were started a week ago by Charley Maxwell, promoter for the Lima Gym club, who says that the Hobbsier will be here to mix mitts with Baxter.

A year ago Mason was given a decision over Baxter. Since that time Baxter has fought draws with Phil O'Dowen and Al Corbett. The Lima pug should be in good condition to give Mason a real battle.
Local boxing fans have been waiting this match arranged since Baxter started to show much improvement last spring.

COMMISSIONER'S OBJECTION
Maxwell says that some members of the boxing commission object to matching local boys to fight each other. However, arrangements are going forward to match Babe Bream and Jake Gross.
Gross challenged Bream recently and both boys are confident of being able to knock the other out in a short time.
The complete card will be finished in the next few days to be submitted to the boxing commission on their approval.

HARD SCHEDULE
ANN ARBOR, Mich. — Fielding H. Yost, University of Michigan athletic director, who leaves tomorrow for Chicago for the schedule meeting of the "Big Ten" said today Michigan could not consider a game with an eastern eleven next year, but probably would seek a contest with Vanderbilt or with one of the weaker conference eleven.
Michigan faces a heavy schedule next year, with return games with Ohio State and Minnesota and home games with Illinois and Wisconsin.

FABER RECOVERING
CHICAGO — Urban "Red" Faber, premier pitcher of the Chicago Americans, is convalescing in a hospital here today after an operation for the removal of the internal semi-lunar cartilage from the right knee.
Faber injured the knee when he slipped while fielding a ball in the third inning of a game with the Cubs. There was every indication that the operation would be successful.
Robby Roth, outfielder with the New York Americans, will undergo a similar operation here next Monday. He injured his right knee during the past season.

MATCH ARRANGED
NEW YORK — Lew Tendler, the Philadelphia lightweight, will meet Sailor Friedman of Chicago, in a 15-round bout at Madison Square Garden on the night of December 30. It was reported today. The men will weigh in at the recognized lightweight limit, 135 pounds, at two o'clock on the afternoon of the day of the battle.

Cohen Is Not In The Market For Ball Club

NEW YORK — George M. Cohen, who has returned from a visit to Europe stated last night he was not in the market for a major league baseball club.
He was reported to be willing to purchase one of the big league clubs after he had announced his retirement from the theatrical producing business in this country.
He said today that he was "too busy with theatrical things in London to think about buying a club."

Taunts Record

ATLANTA — Anonymous letters and telegrams from Atlanta containing "sneers and insults" to Centre College have prevented Georgia Tech, and Centre from arranging a football game for 1922 in Atlanta. It was said today by Dr. S. S. Wallace, of the Georgia Tech, athletic committee. Dr. Wallace made public excerpts from a letter from J. B. Wood, of Chicago, alumni manager of Centre athletics, saying "this fall we have been receiving regular letters, telegrams, marked copies of papers covered with sneers and insults and the like." Mr. Wood added, according to Dr. Wallace, that "in justice to Tech, I should say they are most likely in way responsible, but that it was felt it would be best to defer a game in Atlanta until 'this spirit among the followers and sympathizers has undergone a change.'"
Dr. Wallace issued a statement saying no one connected with Georgia Tech, and no friend of the school had anything to do with sending such communications to Centre College authorities.

WANT GAME HERE

The Baptist T. C. A. basketball team of Tippecanoe City wants to book a game in Lima with some fast 135-pound quintet. Three members of the squad are former players with the Tip City Triangles.
George T. Harvey, manager of the team, is arranging a tour thru northern Ohio for the holidays and says he is anxious to make Lima a stopping place for a game.

MAY BAR FRESHMEN

Brown University is seriously considering the acceptance of the one-year freshman rule. Practically every major college and university in the country observes the rule. For years the enrollment at Brown did not exceed 900, which made the freshman rule impractical. This year the enrollment has reached 1200.

COLUMBUS — Acceptance of a proposal for a football game between Ohio State and Nebraska, 1921 champion of the Missouri Valley Conference for next year, is not deemed likely by athletic officials at Ohio State.
A telegram seeking information regarding a contest was received from the Nebraskans yesterday.
Also next year's schedule has not been arranged, it is understood that it has been tentatively agreed that Ohio State will face the same opponents that were scheduled on its last season.

Winter Football Started At Penn

PHILADELPHIA — Winter football practice got under way at the University of Pennsylvania today. One hundred and twenty-five men reported for the first practice yesterday but rain caused a postponement. The innovation is the result of Pennsylvania's season of grid-iron deals.
Scrimmages will be started next Monday and by the end of the week the coaches expect to start a series of regular games. Coach Heisman said he was planning the formation of a league of six or eight teams and that an elimination set of games would be played.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marshroot for kidney and bladder diseases and now that I have retired from active practice I have made arrangements with leading druggists to distribute this wonderful prescription at a moderate price, on the money back if dissatisfied plan.
Be aware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moist palms, backache or sideache, you ought to get a bottle of Dr. Carey's Marshroot right away.
It is wonderfully benefitting tons of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.
NOTE.—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription, Marshroot, aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this reliable prescription at Hunter's Drug Stores and Thompson's Drug Stores, or from reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot prescription No. 177. No other medicine can take its place.

BOWLING RESULTS

GARFORD LEAGUE

Recreation Alleys
An eight club league composed of employees of the Garford Motor Plant opened their schedule last night on the Recreation Alleys, each team making a serious bid for the top positions in the percentage column in what looks like the peopled city. Besides the forty bowlers engaged in play some fifty spectators were on hand to pull for their favorite team to win. Following are the scores:

BABE RUTH WILL ASK \$85,000 SALARY FOR 1922

BY BILLY EVANS

FIFTY thousand dollars from the New York Americans, and five thousand dollars from each other club in the American League.

That is the salary that Babe Ruth will ask for the season of 1922. I have Babe's word for it.

Ruth had a sliding contract with the New York American League club last year. His

actual salary was \$20,000. He received a bonus for his home-run record, which perhaps carried the figure to \$35,000.

Ruth's contract with the American League expired at the close of the 1921 season. When he confers with the New York club, he intends to ask a combined salary that will total \$85,000, which is \$10,000 in advance of what the president of the United States receives.

This will be the first time that a player has demanded a salary from the other clubs in the league, to which he is in no way affiliated other than being a member of the same organization.

"I broke the home-run records in 1920 and 1921," says Ruth. "Likewise I broke a lot of attendance records. Fifty-nine home runs are a large flock. I am going to be mighty lucky if I break that mark in 1922. If I don't break

it, I am going to fade out of the picture.

"I am a big card right now; the moment I quit smacking those old home runs, every one is going to forget all about me.

"The time to get the dough, is to get it while the getting is good. If I can't get it now, I never will be able to come thru."

"I feel that I am an asset at the gate to every club in the league, that is why I feel the burden of my salary should be divided."

FRANKIE MASON TO DALLAS WANTS TO HIRE HIM CALIFORNIA WANTS EAST-WEST GAME

Frankie Mason, the Fort Wayne flyweight and former national titleholder, will fight Don Baxter, Lima bantamweight, at Memorial Hall on the night of December 30.

Negotiations for Mason were started a week ago by Charley Maxwell, promoter for the Lima Gym club, who says that the Hyosier will be here to mix mitts with Baxter.

A year ago Mason was given a decision over Baxter. Since that time Baxter has fought draws with Phil O'Down and Al Corbett. The Lima pug should be in good condition to give Mason a real battle.

Local boxing fans have been waiting this match arranged since Baxter started to show much improvement last spring.

COMMISSIONERS OBJECT
Maxwell says that some members of the boxing commission object to matching local boys to fight each other. However, arrangements are going forward to match Babe Bream and Jake Gross.

Gross challenged Bream recently and both boys are confident of being able to knock the other out in a short time.

The complete card will be finished in the next few days to be submitted to the boxing commission on their approval.

Cohen Is Not In The Market For Ball Club

NEW YORK — George M. Cohen, who has returned from a visit to Europe stated last night he was not in the market for a major league baseball club.

He was reported to be willing to purchase one of the big league clubs after he had announced his retirement from the theatrical producing business in this country.

He said today that he was "too busy with theatrical things in London to think about buying a club."

HARD SCHEDULE

ANN ARBOR, Mich. — Fielding H. Yost University of Michigan athletic director, who leaves tomorrow for Chicago for the schedule meeting of the "Big Ten" said today Michigan could not consider a game with an eastern eleven next year, but probably would seek a contest with Vanderbilt or with one of the weaker conference eleven. Michigan faces a heavy schedule next year, with return games with Ohio State and Minnesota and home games with Illinois and Wisconsin.

FABER RECOVERING

CHICAGO — Urban "Red" Faber, premier pitcher of the Chicago Americans, is convalescing in a hospital here today after an operation for the removal of the internal semi-lunar cartilage from the right knee.

Faber injured the knee when he slipped while holding a ball in the line was every indication that the operation would be successful.

Bobby Roth, outfielder with the New York Americans, will undergo a similar operation here next Monday. He injured his right knee during the past season.

MATCH ARRANGED

NEW YORK — Low Tonder, the Philadelphia lightweight, will meet Sailor Friedman of Chicago, in a 15-round bout at Madison Square Garden on the night of December 16, it was reported today. The men will weigh in at the recognized lightweight limit, 135 pounds, at two o'clock on the afternoon of the day of the battle.

TO CANADADominion Government Urged to
Limit AdmissionsWINNIPEG, Can. — (Special) —
The Dominion government is being
urged to limit the number of
Chinese admissions into the country
to 400 a year—the same number
that applies to Japanese.This because, if the present rate
of immigration continues, Canada
will be more than half Oriental in
20 years.Canadian merchants and labor of-
ficials are united in a complaint
against Oriental immigration. The
merchants say the Chinese and Jap-
anese control the fishing industry
and own 55 per cent of the potato
crop of British Columbia, and mo-
nopolize the laundry and restaurant
business in Vancouver.The labor men complain that
Orientals come in and work longer
hours for less money, thereby throw-
ing white men out of jobs.In 1904 federal authorities raised
the head tax on Chinese immi-
grants from \$25 to \$500. Then
sanctions on both sides of the Pa-
cific started paying the headtax for
the immigrants and collecting
huge interest after they went to
work in this country.Since 1920, admittance has been
refused to all but bona fide Chinese
merchants and boy students under
14. The average of 200 arrivals a
month since March 1921, however,
indicates that a means of evading
this rule has been found.

LADY POLITICIANNEW YORK—(Special)—Annals
Mathews is the successful pro-
prietor of a New York dress-
making establishment.And before the passage of the 19th
amendment she was one of the city's
leading suffrage workers.Such a good one that now she
holds the office of register-elect of
New York City. That pays \$12-
000 a year, the fourth biggest mu-
nicipal salary.Miss Mathews had compiled five
rules from her experience to guide
women voters—and men, too. Here
they are:ONE—Join some party and make
your influence felt.TWO—Work for better ideals of
government in that party.THREE—Take an interest in men
who do political work and see that
the right kind of men are chosen.FOUR—Contribute to finances ac-
cording to your ability. Political
workers must be paid and if you
don't pay them some one else will."When women were granted the
vote many seemed to expect a mir-
acle," Miss Mathews says. "But I
didn't feel that way.""I've never seen any miracles ex-
cept those brought about by hard
work. The only way to bring about
reform is to join some party and
work."

BURIAL OF INFANT JOHNSON

Brief funeral services over the
body of an infant son of James and
Rosie Johnson, 977 S. Main-st.,
were held Thursday afternoon at 3
o'clock, at the Siferd mortuary. In-
terment was made in Woodlawn
cemetery.Fresh Country Back Bone, Spare
Ribs and Sausage at Dorsey'sIS EXPECTED TO
IDENTIFY GUNBrother of Owner of Kershaw
Murder Implement to See itThe gun used in the murder of
"Scotty" Kershaw, on November 18,
is expected to be identified Thurs-
day by Al Snow, 734 W. North-st., a
brother of P. H. Snow, from whom
the weapon was stolen at the Ar-
gonne Hotel, September 24.Snow, learning of the recovery of
the weapon, called at the police sta-
tion Thursday morning and informed
Chief M. F. Dawson that his
brother is in Dallas, Texas, and
might not be here for a long time.He stated, however, that he has
seen the revolver frequently and can
positively identify it, if it is the one
stolen from his brother.The revolver is an old fashioned
six shooter, of a model once popular
in the ranching days of the far west,
but now obsolete. It was an heir-
loom in the Snow family and was
prized on that account.Nierengarten was accused of steal-
ing the weapon from Snow's room in
the hotel. He admitted the theft
when he made his confession at the
police station here November 25.GET IN ON THIS—

Why TRY to Treat Piles from the Outside?

You Can Not **Possibly** Reach the Real Trouble With Ointments, Salves, Dilators or Other Local Treatments—They May Ease for the Moment, But Can Never Heal Where They Can Never Reach.

Don't Submit to An Operation Until You Have Tried Our Easy and Sensible Treatment

No matter how severe your case may be, or of how long standing. The old, stubborn cases, that are supposed to be "incurable" are the very ones we like best to write to us—for we can nearly always count upon those people to be our best friends and boosters after this treatment has made them well.

Neither does it matter where you live nor what your occupation may be—we are as near to you as your mail box, and if you are troubled with piles, this method will give you quick relief and within a short time you will have joined the ranks of the thousands who write us that they feel themselves to be permanently cured.

We want you to understand that the Page Method is DIFFERENT from all others and that it is the ONE MOST RELIABLE and SUREST remedy for the home treatment of piles. Send the coupon NOW while you have the matter in mind and this page before you.

Don't let anyone persuade you to submit to an operation until you have at least given this internal method a trial and a chance to cure you. A few day's delay will not make your case much harder for the surgeon, and you may not need him at all.

Money Can Not Buy Many Pleasures for the Man or Woman Suffering from Piles.

There Are Times When the Certain Relief Afforded by the PAGE PILE TREATMENT Is Worth All the Money In a Bank.

There is only one sensible, sure and Safe way to treat piles and prevent them from coming back every few weeks to annoy and pain you again. This is by permanently healing them with the **Page Internal Treatment**. While the **Page** treatment includes both an ointment and a bow regulator, we tell you frankly and honestly in our directions that these will give but temporary relief—But that **Permanent Benefit** will come from the **Page Pile Tablet**. This is a very pleasant tasting tablet and you will enjoy chewing one or two after meals. This **System** for the **Cure of Piles** has been sold for **More Than a Quarter of a Century** and is endorsed in Thousands of Letters Reporting the **Cure** of cases that seemed beyond hope of relief:

Let Us Send You a Trial Package Absolutely Free. Just Send us Your Address and Name on the Coupon.

Just Chew This Pleasant Tablet

We Can **Prove** Every Statement That We Make

This method of treating Piles, from the **INSIDE** instead of the **OUTSIDE** is not a new idea or something that has not been given a thorough test. In another place on this page we quote from a letter received from a patient who took our treatment 18 years ago and has never had the slightest return of his trouble.

The one **BIG** recommendation of this method of treatment is the **PERMANENCY** of the benefit derived.

Another case speaks of having been healed after six torturing years of bleeding piles, and this was accomplished by our trial package alone.

Surely if you are ever troubled with piles, you will send the coupon from this page and receive the trial treatment.

Every One Has A Kind Word to Say of The Page (Internal) Pile Treatment.

Two Tablets and Back to Work

I have been a sufferer from piles of the worst form for the past six years. I had consulted with the best doctors, but to no avail. I had been unable to work for the two weeks previous to the time I sent for your treatment, and suffered terribly, not being able to find a position I could rest in.

The day I received the medicine I took two pile tablets after supper and one pill before I retired. The next day I worked and have continued to work ever since. I feel like a new man.

I have recommended your treatment to a friend of mine who is suffering with itching piles. As I know it will knock 'em out.

Thanking you kindly for the prompt attention given my order, I am yours for service.

IRA M. SACORA,
Winthrop, Iowa.

Aged 88—Suffered for Years

I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old and the oldest active blacksmith in Michigan I feel years younger since the pile left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly,
J. L. LYON
Homer, Mich.

Told There Was No "Home Cure"

"Replying to your recent inquiry I am glad to be able to state that the two large-size packages of Treatment I ordered for my son cured him sound and well. I have tried several remedies but none seemed to have any effect. I was told by some that there was no such thing as a Home Cure for piles. Then by chance I picked up a piece of scrap paper and saw your advertisement. I asked for a few samples, got it, and after I had seen what it had done I ordered a large-size package and it almost completely cured my son. Then I ordered another and I say I can bless the day that I picked up that scrap of paper and answered your advertisement. I can't say enough for the **Page Pile** remedy. I have recommended it to my friends here and sent some of your pamphlets to friends in other states.

Now you may use this letter or any part of it as you may see fit to introduce your wonderful remedy. With best wishes for your success I remain,

Yours very truly,
L. M. COPLIN

Suffered 25 Years

It gives me great pleasure to write and tell you I am troubled no more with Piles. I am 64 years of age and have suffered for over 25 years, have tried all kinds of Ointment, etc., without success.

You are at liberty to use my name in reference to your Pile Cure and also my photograph, which I am sending you.

With best regards, I remain yours very truly,
JOHN W. SHUMAN

Bleeding Piles for Six Years

"Your Pile Tablets are surely wonderful. I was troubled with bleeding piles, off and on, for six years, couldn't get anything to cure them until I read your ad. in the daily paper. The simple must have cured me—I haven't been bothered since."

Yours truly,
MRS. M. J. MANBECK
R. P. 2, Box 96,
San Bernardino, Calif.

"Can Not Be Praised Too Much"

"After suffering years with Piles I feel now as if I had never had them. Your remedy is certainly a success and cannot be praised too much. I did not begin for running across your ad. in the World Almanac. I suppose I would be still bothered with this awful disease."

I want to thank you for your kindness and if I ever have an opportunity of recommending it I will do so.

Sincerely yours,
E. R. RAYMOND

San Diego, Calif.

Took the Page Treatment 18 Years Ago

One of the most grateful letters ever received in our office is dated from Gate City, Virginia, and is signed by Mr. T. H. Quillin. Mr. Quillin writes that he used our method for treating piles 18 years ago. He states that he was cured at that time and has never had any return of pile trouble. He orders a treatment for his son.

This is a case to be proud of.

Mr. T. H. Quillin.
Dear Sir—
You will have to excuse me for not answering your letter before,

but I wanted to convince myself of the merit of your treatment before replying.

Now in regards to the treatment I cannot praise it too highly. After 7 months of continual pain I was surprised how quickly your treatment worked.

I tried several different kinds of treatments and I found them all wanting.

I was on the verge of going to a doctor for an operation when I saw your advertisement.

It appealed to me because to cure piles you have to know what causes them.

It is now 6 months since I have taken your treatment and I have not had any trouble since.

I personally recommend this treatment to all pile sufferers.

Wishing you the best of success, I remain gratefully yours,
HARRY SCHLECHTER.

Doctors Recommended An Operation

I was a sufferer from piles. Two doctors had said there was nothing that would do me any good but an operation. First I tried a sample of your Pile Treatment and was greatly relieved. Then I ordered a regular treatment and now I feel that I am cured. I advise all people who suffer with piles to take the Page Treatment.

Sincerely yours,
J. W. SHORES,
Box 25, Tallahassee, Ala.

Only One Effective
I wish to express my appreciation of your pile cure. Have doctor'd with different doctors but will say have found your cure the only effective one.
Respectfully yours,
HIRAM GRAY,
Pleasant City, Ohio.

Remember—That we have not asked you for so much as a postage stamp. We have not asked you to **Buy Anything**. And what is more, we are **Not Going** to ask you to buy a penny's worth of anything until **After** we have sent you a liberal **Free** trial of this treatment and given you the opportunity to test it and try it. That is our way of doing business. So you are not running any risk when you send the coupon and nothing but **Good** can come to you from answering this offer.

If you do not happen to be suffering with your piles this moment, but are subject to occasional spells of trouble, send for this **Free Trial** just the same and keep it at hand for your future help.

If you are not troubled with Piles yourself, but have a friend who is, then send us your friend's name and tell him or her that you have done so.

Don't put off the matter of sending the Coupon, for it will be much better to have this sure relief right at hand the next time your piles bother you than to hunt around for our address and then wait two or three days for the package to reach you. Send your name and address **Now**.
